Our Focus

We understand everyone wants to be self-reliant. To have a job and earn a paycheck. To put our skills to good use. To make our own way in the world. And, most important, to create a better life for ourselves and our loved ones.

At JVS, we have **ONE FOCUS:** help people who face challenges prepare for, find, and keep a job.

How We Can Help

We can help you overcome barriers that may be preventing you from getting a job. We do this through the many services we offer:

Certified Job Skills Training.

JVS offers training programs for pharmacy technicians, home health aides, and apartment maintenance technicians.

Career Services and Guidance.

Many people who come to JVS begin in our Career Services department, working with Employment Specialists to plot out a plan for the future.

Refugee and Immigrant Services.

Our multilingual staff helps the newest—and often most vulnerable—people gain stability in their new homeland.

Disability Services.

We can help with evaluations through job placement and job coaching for people with disabilities.

Adult Basic Education.

Our classes prepare you to take the high school equivalency exam.

English as a Second Language.

Three levels, from beginner to advanced, to help foreign-born people learn English.

Citizenship Classes.

To prepare Legal Permanent Residents to pass the citizenship interview and exam.
